Guide to Registering for People who are Homeless²

There are 2 papers to fill in this registration pack.

We also need copies of documents with your name, date of birth and address.³

1. Fill in the GMS1 Form

= Very important information

The image shows the NHS Family doctor services registration GMS1 form. The form is titled 'NHS Family doctor services registration GMS1' and includes a header with the NHS logo. The form is divided into several sections: 'Patient's details', 'Please help us trace your previous medical records by providing the following information', 'If you are from abroad', 'If previously resident in UK', 'If you are returning from the Armed Forces', 'Service or Personnel number', 'Enrolment date', and 'If you are registering a child under 5'. The form contains various fields for personal information, including name, date of birth, NHS number, and address. There are also checkboxes for gender, marital status, and other details. The form is filled out with yellow highlights indicating important information.

¹ Telephone number 03330436243

² We cannot register you if we do not have sufficient or clear information. If we receive an application and cannot process it we will telephone you with an interpreter to see if we can go forward with the application. If we cannot contact you by phone or we cannot resolve the information issue we will write to you to return the application. If you require urgent medical attention we will discuss a way forward with you.

³ We can register people without documents but it really helps us if we have documents with correct names, dates of birth and addresses. We must be very careful that we do not create NHS records using incorrect information.

2. Fill in the Questionnaire attached to the purple form

3. Photocopy or photograph ID and any letters you have with an address on.

4. **Return the forms to the Whitehouse Centre by:**

A) POST to:

The Whitehouse Centre, Princess Royal Health Centre, Greenhead Road, Huddersfield, HD1 4EW

B) BRING the forms to us. You will not be able to see a doctor or nurse when you come in but you can tell reception if you have an urgent problem. (If Covid-19 restrictions are in place, it would be better to not come down in person.)

Google Princess Royal Healthcare Centre HD1 4EW
